To the Memory of General Scott.

At a regular meeting of the Common Council held on Thursday evening, it was resolved that by the request of His Honor the Mayor that our citizens close their places of business between 12 m. and 2 o'clock p. m. to day; that flags be displayed at half mast, and bells tolled between the hours of 1 and 2 o'clock as a mark of respect to the memory of Lieutenant-General Winfield Scott.

JOEL N. ASHNER, Mayor.

Titusville, Pa., June 1st, 1866.

The Title of our Weekly changed from "The Petroleum Reporter" to the "Titusville Weekly Herald."

It will be observed that in this week's issue we have changed the title of our Weekly from "The Petroleum Reporter" to that of the "TITUSVILLE WEEKLY HERALD."

This change will more intimately identify our Weekly in name and character with our Daily "THE TITUSVILLE MORNING HERALD," and will render it more convenient for general reference.

Its locality will sufficiently indicate that it will continue to be the exponent and organ of the Petroleum interests of the oil regions of Pennsylvania, and as such will secure for it a constituency of the foreign support and circulation it now so liberally enjoys.

Its circulation has of late rapidly extended in Crawford County, especially in the Eastern section and it will be our especial aim to command it to the increased favor and patronage of this District. To that end we have reduced the subscription price to \$2.00 per year and shall issue it on Thursday of each week. We shall spare no pains to make it in its various departments equal in interest and value to that of any of our local contemporaries.

The Herald, (Daily and Weekly) is Republican in politics, and will exert its influence in favor of the principles and policy of that organization.

Important to Refineries.

A private letter received yesterday from W. H. Comstock, Esq., by one of our citizens, refers to a matter of vital importance to our petroleum interests, bearing more especially upon refining interests.

A bill is before Congress at the present time to fix the tax upon refined petroleum at twenty cents per gallon, and upon oil made from coal at ten cents per gallon. This is done to benefit a few manufacturers oil from coal, and one refiner, from Boston, is using all means within his reach to accomplish the object.

This bill, if passed, not only makes refined petroleum subject to a tax, which all know to be unjust, but it holds out the temptation to sell refined petroleum for refined coal oil, and thus rob the Government of four dollars per barrel revenue.

Mr. Comstock, in his letter, merely refers to the matter as unjust, and as we are all aware of the important services these gentlemen rendered us in removing the tax from crude petroleum by his influence in Congress. It is well for us to think and act upon this matter of tax on refined oils.

Refiners, look to this. Your interests are at stake.

NEW BUILDINGS IN THE CITY.—Among the various city improvements we notice quite a number of buildings being erected, chiefly on the site of the recent fire. Among which we may mention a large two-story brick house, 20 feet front by 40 deep, on the corner of Arch and Franklin streets, intended for a hotel and shop store; also adjoining below a one-story frame house 25 by 40 feet, intended for a grocery or clothing store, both being built by Herman Buser. In the rear fronting on Arch street, is a small one-story house just finished by Mr. John Bevan. Immediately below on Franklin street is a large bathing establishment 18 by 56 feet, erected by Gaskell and Matthews; besides eight separate bath-rooms, there is a large plunge bath in the rear part of the building, also a bather's saloon in front. It will be opened to the public in a few days. Mr. Schleske is putting up a two-story frame building 30 by 60, on the corner of Mechanic and Franklin streets. In the rear of this, H. Warner has just built a 20 by 60 two-story house, called the Forest City House. Below, fronting on Franklin, Frederick West has nearly completed a double frame house, 30 by 35 and two stories high. Next below is Peter Miller's new two-story brick store, 30 by 60 and a frame house used as a grocery in the rear, 18 by 40, adjoining below John Barbush has erected two houses, 15 by 40 each.

On the opposite side of the street, Dillingham &amp; Co. have built a temporary store-house, and above, next to McMillan &amp; Bryan's machine shop, J. Healy is repairing the burnt portion of his house; three doors above D. T. Hamilton has erected a machine shop; turning into Pine street and nearly opposite the Crittenden House, Mr. A. W. Himes has just built two large stores 40 by 60 feet; one door above Corinthian Hall on Spring street, is a three story brick house 20 by 80 feet being built by Mr. Shillman of Rochester; three doors above, is a two story frame building 24 by 60 feet, just finished, belonging to Altmann &amp; Co. of Buffalo; further up the street opposite the Atlantic House, Mr. Marcus Brown has nearly completed a substantial two story brick store 26 by 50 feet, intended for a bakery; above, on the same side, are two stores, just finished by Clegg, Brown, 40 by 60 feet and three stories high. Besides these, there are a considerable number of private villas and dwelling houses being built throughout the city.

We notice with pleasure that the Union Republican County Convention of Allegheny county have re-nominated for the Assembly Col. John P. Glass and George G. McKee. These gentlemen have ably and faithfully represented our party in former sessions of the Legislature of this State.

## A Painful Humor.

A Mrs. McMahon, who arrived in this city last evening from Cleveland, and is staying at the United States Hotel, reports that a terrible accident occurred a few miles west of Cleveland on the Cleveland, Columbus &amp; Cincinnati Railroad, about 9 o'clock yesterday morning.

At our telegraphic dispatches of yesterday convey the intelligence of the fact, we conclude that the loss of life and injuries reported are greatly magnified by rumor. We entertain no doubt that an accident occurred at the time and place mentioned, but prefer not to excite undue public apprehension, but to await the arrival of authentic particulars.

## Proceedings in Common Council.

A regular meeting of the Common Council was held on Thursday evening, May 24.

Present—Meers Bunting, Coburn, Goodwin, and Clark &amp; McNight.

Absent—Meers, Custer, Ostroum and McCrae.

On motion, Mr. J. H. Bunting was called to the chair.

The minutes of the last meeting were read and approved.

An invitation to the Council from the Harriet Lodge, to attend their festival, June 6th, was presented and accepted.

The bill of E. Chase &amp; Co., for lumber, &amp;c., \$22 64, was presented, and on motion, referred to the Street Committee.

The following bills were then presented, and on motion, ordered to be paid:

Bill of John Bishop, \$21, for services as assistant to City Surveyor.

Bill of H. R. Randall, \$18, for greasing hose.

Bill of R. Robinson &amp; Co., \$25, for repairing hose.

Bill of R. Clark &amp; Co., \$1.75, for services as Chief of Police to May 8th.

Bill of John Golding, \$90, for services as policeman to May 8th.

Bill of Joseph Leslie, \$60, for services as policeman to May 8th.

Bill of R. Rose, \$60, ditto.

Bill of James Poston, \$60, ditto.

Bill of John Doherty, \$60, ditto.

Bill of F. O. Clegg, \$94 60, for services as policeman to May 8th.

Bill of E. Clegg, \$60, for services as policeman to May 8th.

Bill of G. A. Clegg, \$60, for services as policeman to May 8th.

Bill of J. H. Bunting, \$18, for services as policeman to May 8th.

The Health Committee reported in favor of an ordinance declaring the spring east of Franklin street a nuisance.

On motion, the safety of the police were increased from the 5th of May, 1866, as follows: Chief of Police, \$60 per month; subordinates, \$30 each per month.

On motion, the Street Commissioners was authorized to contract for the removal of swill and garbage, without expense to the city.

On motion, Harry Ward was appointed Janitor for Council at a salary of \$25 a year.

On motion, adjourned.

J. H. BUNTING, Chairman.

F. B. GUTHRIE, Clerk.

New Use for Crude Petroleum.

We notice that experiments have been made, tending to prove that a very superior quality of illuminating gas can be manufactured from crude petroleum and at a much less cost than that which is manufactured from coal.

The experiments were made in the office of the Street Commissioners, was an hour and a half, and the results were displayed at 2 o'clock p. m., to 20 men, and bells tolled between the hours of 1 and 2 o'clock as a mark of respect to the memory of Lieutenant-General Winfield Scott.

PROCLAMATION.

Agreeably to the above resolution of the Common Council it is hereby recommended that all stores and offices be closed, and business generally suspended in the city from the hour of 12 m. to 2 o'clock p. m., that flags be displayed at half mast, and bells tolled from 1 o'clock p. m. to 2 o'clock p. m., to day, as a mark of respect to the memory of Lieutenant-General Winfield Scott.
